

Noam Levkovitz

Senior Product Designer

Specialized in partnering with early-stage startups, helping founders transform ideas into successful digital products.

Professional Experience

Product Designer & UX Expert

2008 - Present

Lead product design, UX strategy, and product discovery initiatives for early-stage startups, large companies, and technology-driven organizations.

Worked with companies across: Fintech, Cybersecurity, AI, SaaS, Healthcare, Infrastructure, and consumer technology sectors. Few examples:

- **Cybellum**
Brand | Senior Product Designer | Building end-to-end UX/UI systems
- **Orient**
Senior Product Designer | UI UX Designer | Creating scalable design systems
- **Red Access**
Head of Design | Brand Strategy | UX/UI Designer
- **Applitools**
Brand | Head of Design | UX/UI Designer
- **Arbitrip**
Senior Product Designer
- **Intuitive**
Product Designer
- **BeyondXR**
Lead Product Designer | From Concept to Launch
- **DAOstack**
Senior Product Designer | UI UX Designer

Co-Founder & Product Designer

Startup Venture | 2012 - 2014

I co-founded a mobile app startup that grew into a successful consumer product with over one million downloads. I led the product vision, user experience strategy, and design from concept to launch.

Founder & Creative Director

Independent Design Studio | 1998 - 2008

Founded and operated an independent design studio specializing in music industry design, album covers, branding, and visual communication.

Worked with artists, production companies, and entertainment brands, primarily within electronic music and Israeli music industries.

Received industry recognition and multiple design awards.

Expanded the studio's services into branding, packaging, and commercial visual identity systems.

About me

Based in Tel Aviv | Passionate Music Lover | Multidisciplinary Designer | UX/UI Specialist | AI Enthusiast | 20+ Years of Experience | Digital Product Design | Scalable Design Systems | Complex UX Challenges | Transforming Complex Systems into Intuitive, Elegant, and Highly Usable Products
